

Ecological Economics

General introduction

Prof. Dr. Claudius Gräbner-Radkowsch

Department of Pluralist Economics, Europa-Universität Flensburg
Institute for the Comprehensive Analysis of the Economy, Johannes Kepler University Linz

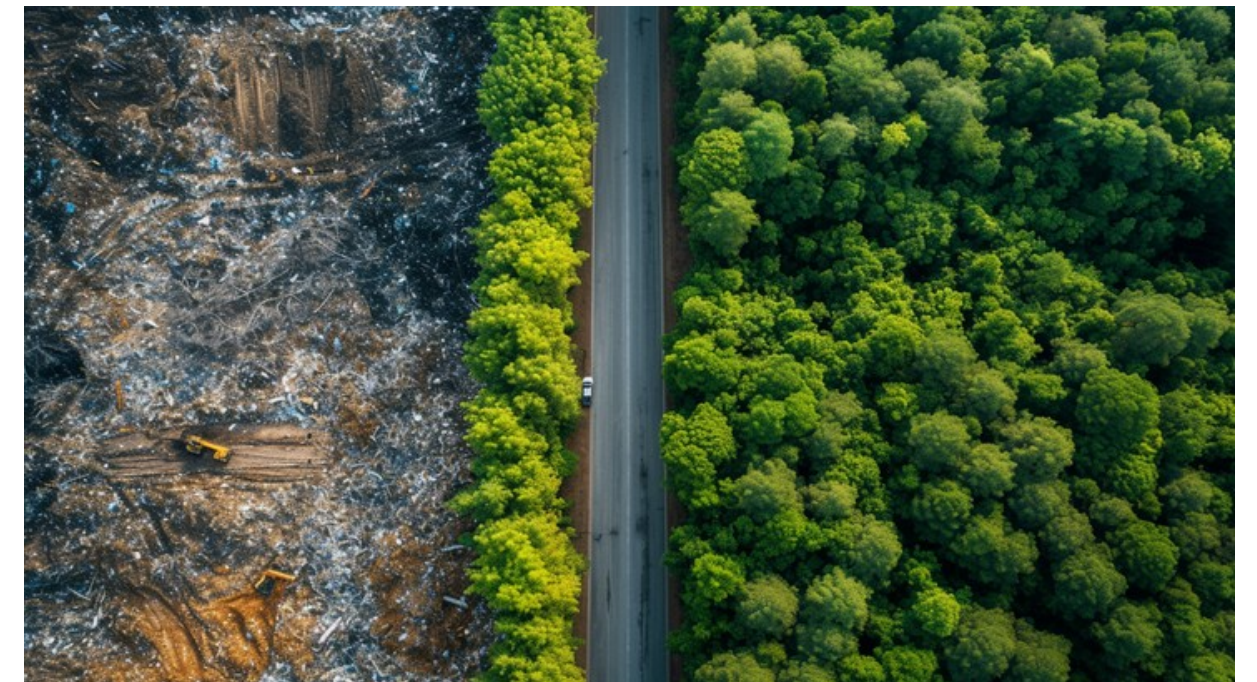

www.claudius-graebner.com | [@ClaudiusGraebner](https://www.instagram.com/ClaudiusGraebner) | claudius@claudius-graebner.com

Main goal and motivation

- Relationship between **environment and unequal** socio-economic **development**
- Tools and measures for the **environmental impact** of economic activities

- Conventional & unconventional **environmental policy instruments** and how to assess them
- Dive into **contemporary debates** on development, the environment, and global inequality

General introduction

- I. What is your name?
- II. What do you study and what did you study before?
- III. Can you share a personal goal or hope for this course?
- IV. What is a fun fact or hobby others might not guess about you?

General logistics

- Material available via the course webpage
- Announcements, submissions, discussions: Moodle Room
 - <https://elearning.uni-flensburg.de/moodle/course/view.php?id=17919>
 - Password: EcolEcon2026
- For interactive elements: **Tweedback**
 - URL on webpage, QR code on slides
 - Use phone or laptop
 - Add questions for the end to the **chat wall**

Session

Examination

- An analysis of the main challenges faced by a specific country or region
- Prepare a **poster** (DIN-A0) and **pitch** it during a poster conference
 - Identify key challenges
 - Explain the current policy response
 - Delineate improvements/redirections
- Choose your groups (max. 3 people) in the **first two weeks** via Moodle
 - Choose a country or region whose documents you can understand and for which you can access the necessary data
- Examination **criteria** in the seminar description

Content overview

- See the course webpage:

Ecological Economics

  Material > Seminar Description

01

Example Posters

Example poster

- Nice reading flow
- Aspects build upon each other
- Consistent fonts
- Well cited
- Many (unreadable) figures
- Different figure backgrounds
- A lot of text with line breaks

Assessing the Socio-Economic and Environmental Implications of Import-Driven Energy in Pakistan: A Sustainability Perspective

Example poster

• Clear red thread

• Clear guiding questions

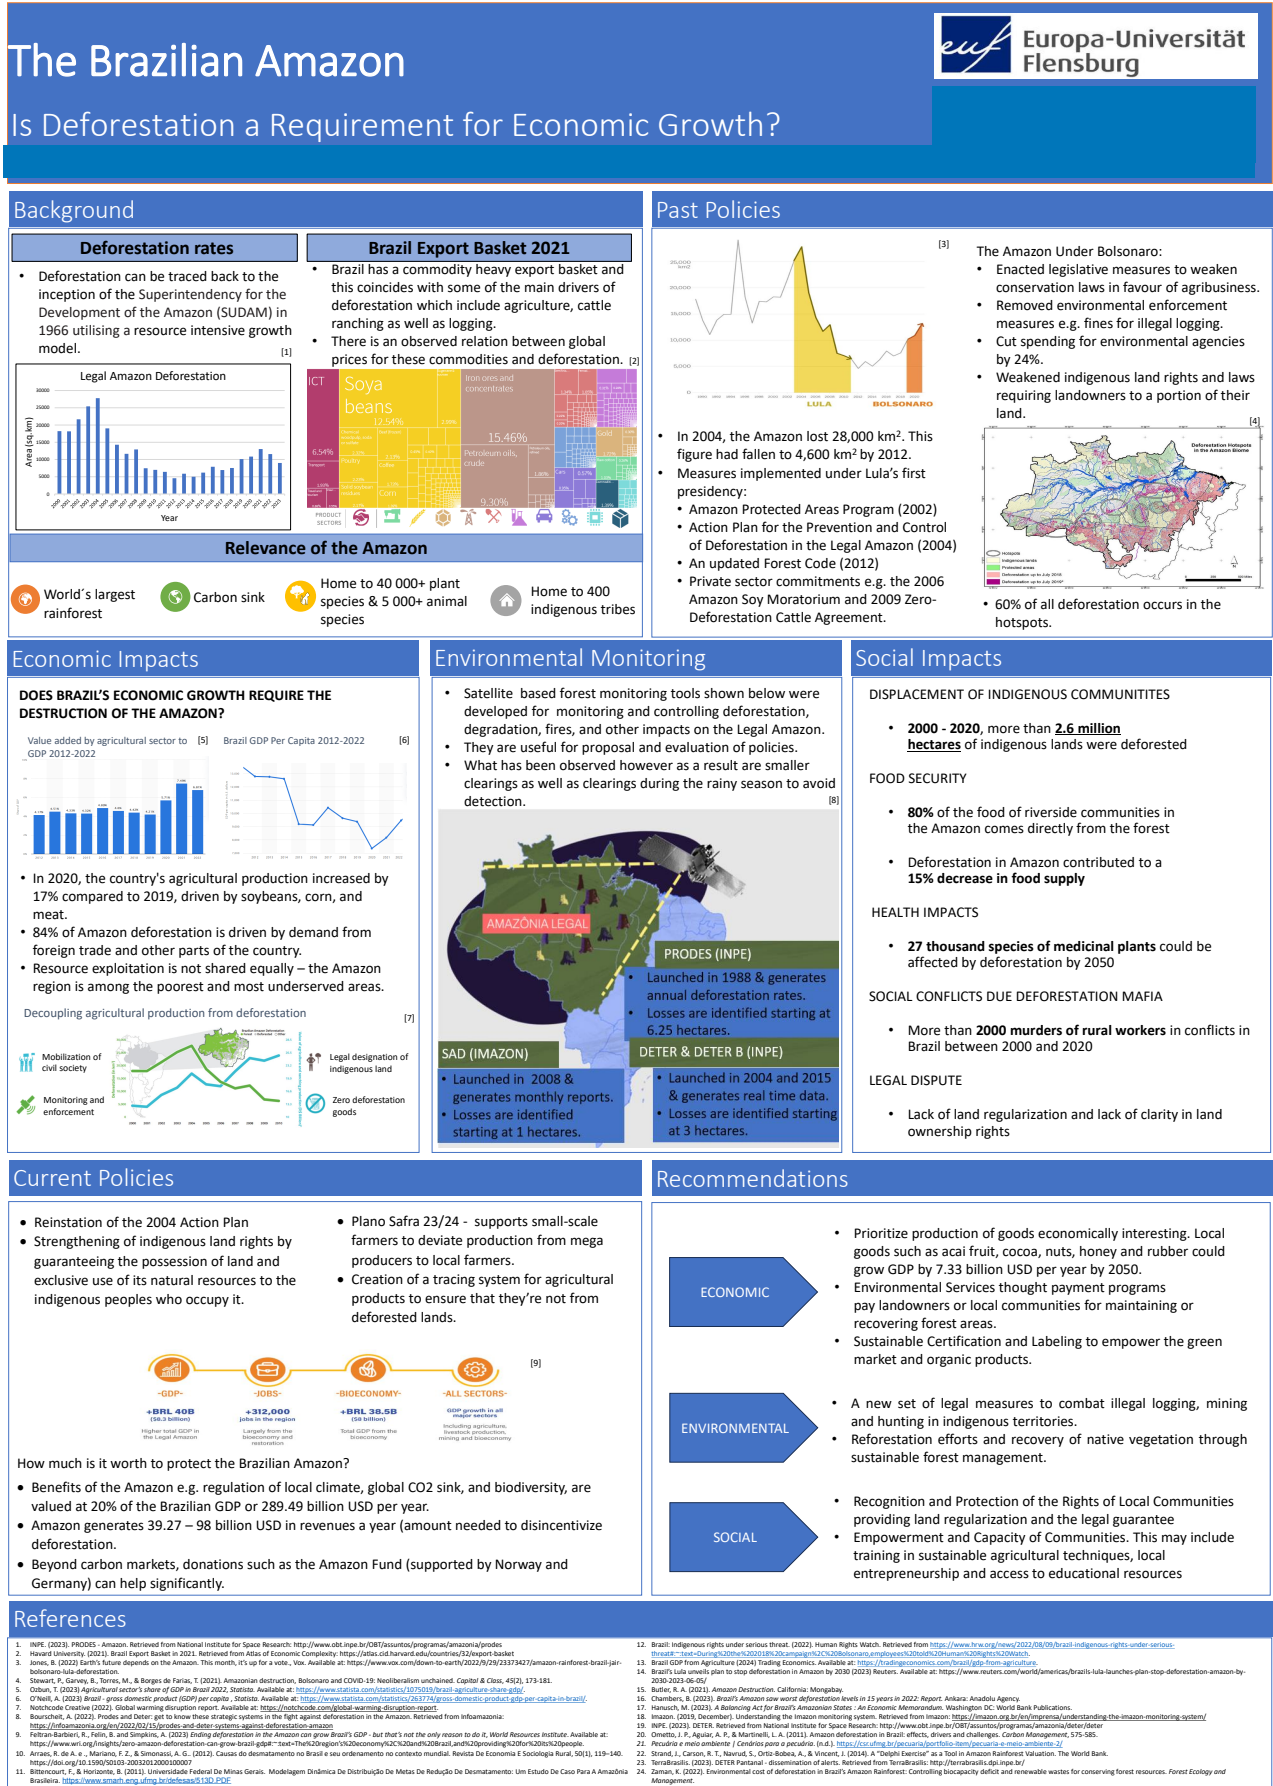

• Good box use and white space

• Well cited

• Monitoring part unrelated

• Some figures too small

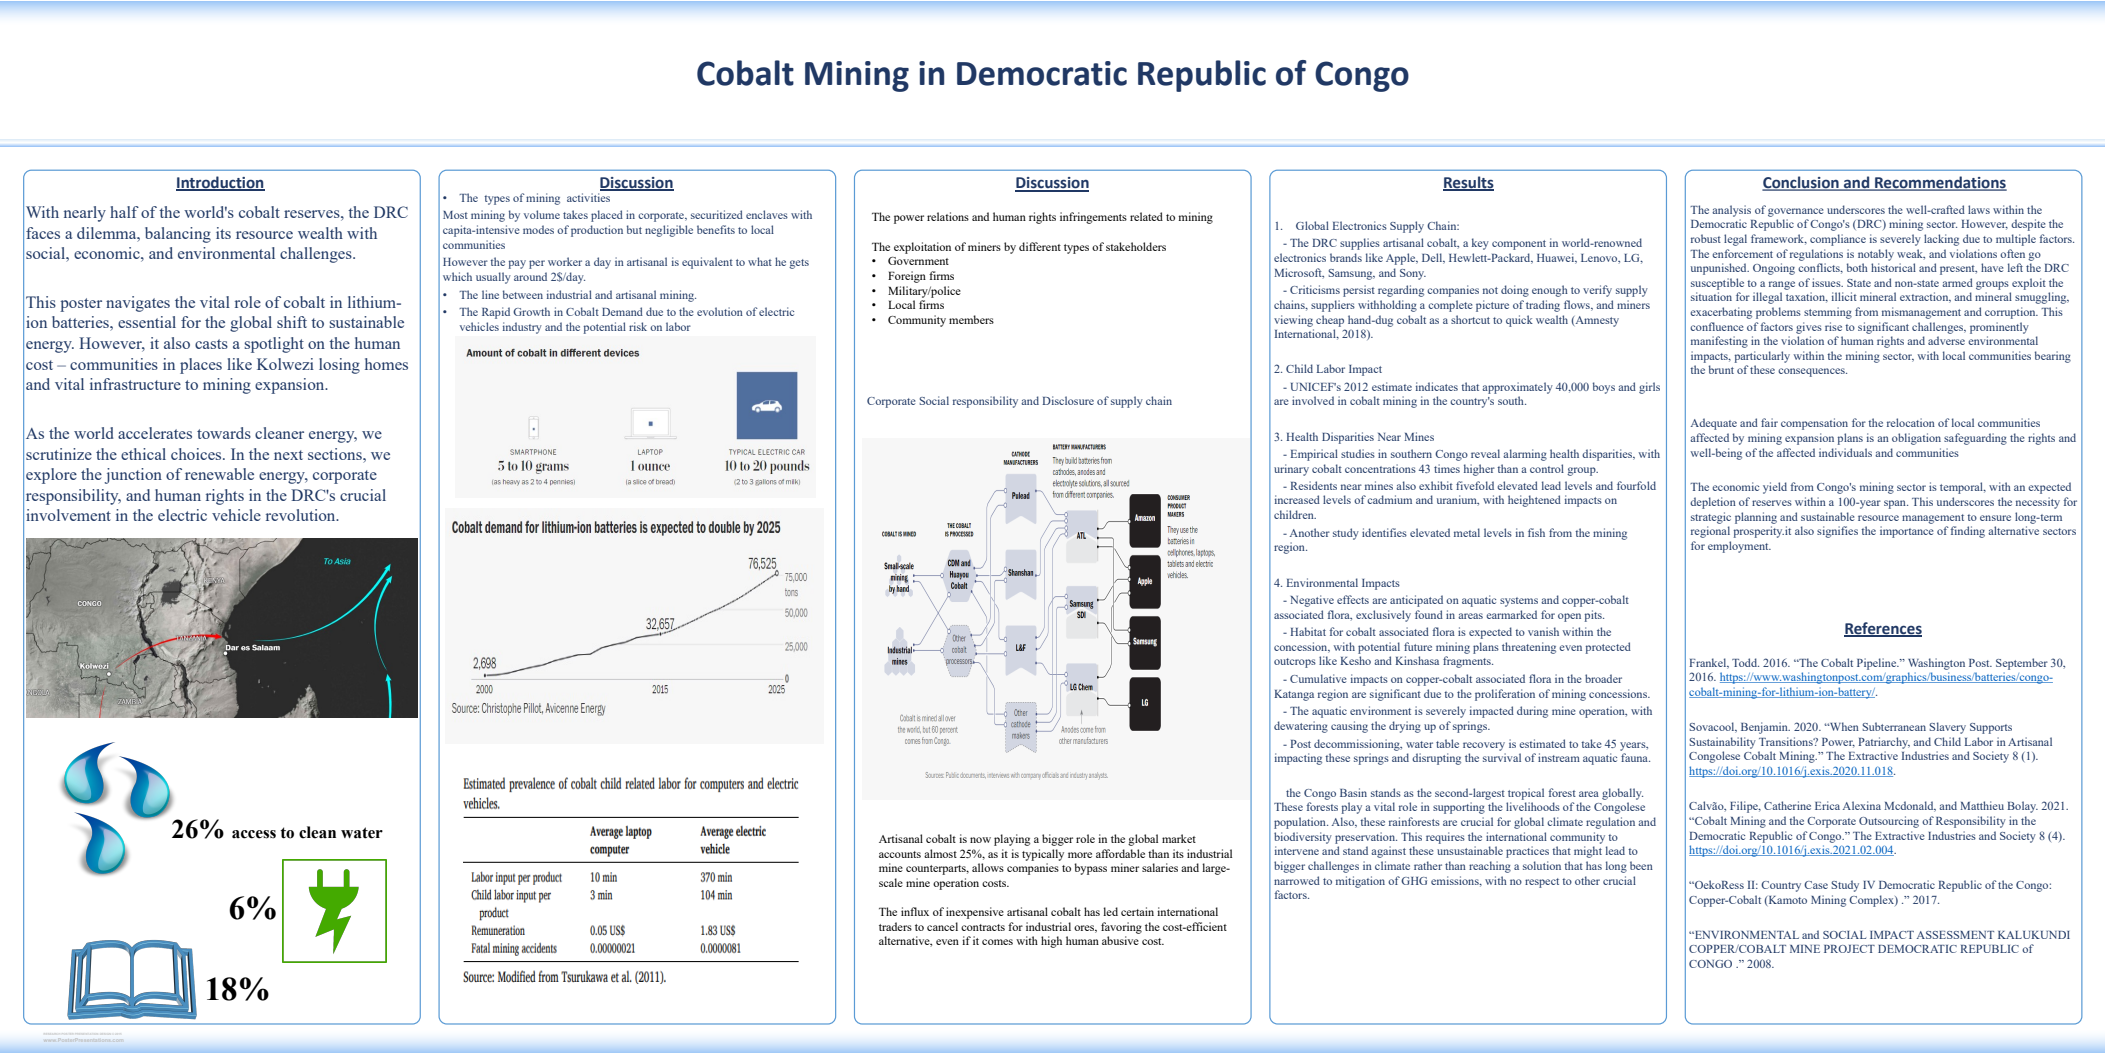

• Design scheme of modelling does not align with rest

- Easy to follow
- Content-wise good figures
- Far too much text
- Everything is too small
- Font size unclear
- Lack of citations

 Europa-Universität
Flensburg

Example poster

- Easy to follow, left to right
- Good focus...
- ...but unclear how sections relate
- Small + inconsistent font
- No bullets
- Pictures not readable
- Inconsistent formalities
- Bad content
- Lack of citations
